CATONS GIVEN FAREWELL PARTY BY FRIENDS AUG. 3

A farewell party for Rev. Thomas Caton and his family was held Sunday, Aug. 3. Well over 100 members and friends of the West Parish Congregational Church joined for a delicious pot luck supper. Arlene Bean made a beautiful cake to top the meal.

After dinner there was some "roasting" of the minister as past events were recalled. The Caton's were then presented a gift from the congregation and friends. As in Tom's morning message, there was a part for looking to the past and a part for looking ahead. A painting by Helen Morton of the parsonage was to help hold dear memories of Bethel. A cash gift was given to use as the Catons establish a new home and begin their ministry in Idaho.

The Catons will be here until Aug. 15. Although Tom will no longer be preaching, he is planning to work until the 15th. Their new address is 616 Highland Blvd., Pocatello, Idaho, 83201.

REGULAR MEETING OF S.A.D. 44 BOARD HELD MONDAY NIGHT

The board of directors of the M. S. A. D. #44 held a regular meeting at the Telstar Library on Monday evening of this week.

The board further deferred any action on approval of any requested transfers of sixth graders to the Telstar Middle School from Andover and Woodstock for the 1980-81 school year to the Aug. 18 meeting. Originally considered by the directors on June 16, the issue was tabled until the first meeting in August at that time.

FROM THE
bethel town office

The Board of Selectmen met in regular session Monday evening, Aug. 4, and acted on a long and varied agenda.

The Board spent the first hour of the meeting in executive session with the Town's legal counsel, Jeff Hole, to review the status of pending litigation. Current court cases include the Danny Long Road case and the P. H. Chadbourne Co. land valuation case.

Upon returning to regular session, the Town's legal counsel went over a number of suggested changes in the dog ordinance being proposed for revision by Town Meeting and it was agreed that he would write a new draft for review by the Board.

Steve Meyers of the Androscoggin Valley Regional Planning Commission met with the Selectmen to explain the Community Development Block Grant Program with particular emphasis on the housing element. The Selectmen will be reviewing the alternatives under the program and assessing the pros and cons of the Town applying for assistance under the program.

In conjunction with this discussion, the Manager reported that the Androscoggin Valley Regional Planning Commission under its Rural Development Program has the opportunity to do preliminary

SUMMER PLAYGROUND WRAPPING UP — MAJOR EVENT TO BE FRIDAY

The Bethel Summer Playground is nearing its end for this year. Friday, Aug. 8 the annual Playground Olympics will be held. It's a day full of fun and frivolous events like the Great Obstacle Course, the running broad jump and a watermelon eating contest. All area children are invited to participate, regardless of whether or not they attended Summer Playground. It is important to remember that registration for the Olympics opens at 9 a. m. and closes at 9:30; all events being run at Gould Academy Athletic Field. Bring a lunch for the break from 12 to 12:30. In case of rain, it will be moved indoors to the Gould Field House.

As for what playgrounders have been up to these two weeks, the question should be "What haven't they done?" They've taken nature hikes in nearby woods; made figurines; had a crazy hat contest; made mobiles; had a two day long mini-match in which they've played checkers, had head stand and arm wrestling contests, plus rope jumping and hand stand competitions. They had an exciting bike race with ribbons for prizes and a wacky dress-up day, with prizes for the wackiest get-up. One can't forget to mention the sheer madness of the water balloon fights (and the great feeling of being doused with one on a day of 92° heat).

The Playground this summer has been a source of great fun, thanks to staff and volunteers and playgrounders alike. This session volunteers were: Kim Monzo, Eva Caton, Dawn Myers, Theresa Roberts, Scott Newton, Tanya Queen, Elayna Tate and Kirsten Froburg.

Special thanks is expressed to local merchants for their support this session: The Bethel IGA, Roberts Poultry Farm and Edelweiss Ice Cream Parlour.

Prizes will be awarded to those best honoring Bethel's past. Elaine Hutchins will be in charge of the parade which will begin on the Common. It will circle the Common and end on the grounds of the Moses Mason Museum.

Also beginning at 1 p. m. will be craft demonstrations and display on the grounds of the muse-

WOODSTOCK & ANDOVER 6th GR. TRANSFER REQUESTS TO BE DECIDED AUG. 18

At the meeting of Aug. 18, 1980, the S. A. D. #44 Board of Directors will act upon the request to allow the transfer of Andover sixth grade students and Woodstock sixth grade students to Telstar Middle School.

In developing the budget, the Board indicated that the transfer option, which has been available to Andover and Woodstock sixth grade students during the past two years, would not be available in the year ahead due to budgetary constraints and class size projections. In mid-June, however, the Board of Directors agreed to review their position when an Andover parent requested a transfer. At that meeting, the Board decided to defer honoring the request to make certain that all Andover and Woodstock parents were aware of the possibility of requesting a transfer, and to make certain that the Telstar Middle School classes would not become too large. To date, two Andover parents and one Woodstock parent have requested transfers.

Any Andover or Woodstock sixth grade parent wishing to have their son or daughter attend Telstar Middle School should notify the Superintendents Office by phone or in writing by Aug. 15, 1980.

FISKE HAS DOUBLE WIN AT MAINE AAU OPEN MEET

In her last track meet before leaving for California on Aug. 13, Cindy Fiske again continued her winning ways. She won both the 100 and 220 yard dashes at the Maine AAU open track meet held last Saturday at Bowdoin College, Brunswick. Her time in the 220 was her best of the season.

Thanks to the enthusiastic support of many local organizations and individuals, Cindy will be competing at the National Junior Olympics to be held Aug. 15-17 at the University of California, Santa Clara. The Telstar sophomore represents the Northeastern States in the 100 meter sprint. Good luck Cindy!

Greenwood City

— Mrs. Colista Morgan, Corres. —

I was awake early on Wednesday morning to greet the sun from my bedroom window. Because of the mountain east of the house we notice the sun first in the west. Some times the effect is a curious illusion. With the coming of dawn at this time of year the light of day seems to be advancing toward us not from the east but out of the west.

We sat at the table and saw the shadows pull back, heard the thrush from the woods, and watched the ducks getting their breakfast just off shore.

I saw the glint of water on the lawn grass, wet by the night's rain. There was also sweetness from the lilies brought by a slight breeze with its rustle and whisper through the leaves.

I had an early appointment down town but was back before 10 o'clock and busy.

After lunch time it had dried enough so that I could go to the woods and hill. Sunshine filled all the valley.

The Bulldozer Road which I first traveled was sweet and moist, filled with the perfumes of damp forest mold and fir.

The voice of the wind had stilled.

Near the gate were bushes and bind weed which was entwined except for the path of some animal; probably the coon.

Beyond the gate, near an apple tree a woodchuck sat. Right now we don't like the animal for it has been eating our beans.

I climbed toward the field, where the mowing machine was at work. When there I chose a large flat rock under a cherry tree on which to sit and watch.

Starting at the center, circling, working toward the edge the machine lay down swarth after swarth until the cutter bar came as near as it could to the rock where I sat.

I could look out to the mountains, the pond, and the farm buildings with the cows feeding out back.

A branch of green shadows thrown from the cherry tree leaves moved softly across the rock and me.

The world of the field mice was changed by the mowing on this sunny day. One scurried by my "throne." Its ears close set and small, seemed to be hidden in its fur. It looked soft and silky.

In a half circle by the rock were the small pink blossoms of the steeple bush. Visiting these were three butterflies all the same, interesting and lovely. Sometimes I'm glad that I know so little for I can see and can appreciate with happy eyes such things, as these butterflies, a sunset, a rainbow, a cloud, thinking only of the beauty and not of the species.

Various kinds of insects visited me; at least six of the thousands in existence and of them just one mosquito.

As I looked up, going along a branch, was a little green worm. Cankenworms have only two pair of prolegs; so because of the way they move they are called measuring worms. This one measured a short distance then dropped on a web as does a spider. In a moment it returned to resume its work.

Across the rock a large ant came dragging a greenish caterpillar. It walked backward tugging at its burden laboriously with starts and stops. I wondered how far it intended to go after it went from sight.

I missed the bob-o-links but noticed the swallows skimming and rocking above the new mown grass. I made a visit to the brook behind me then set out for home.

I realized how Time had changed things since my first visit here years ago, Time, a river which has washed around me and flowed on with bits of my life, as water washes an island.

Near the wall before entering the woods, I again thought of the pocket book buried here so many years ago; lost when building a fence. Also here the dodder bushes were twining around the small growth.

In a short time I was home again, close in the arms of a hill.

—

Safety Tip of the Week:
Suspected Heart Attack

Although it is well known that heart attacks may be the greatest health threat for our citizens, the average first reaction to severe chest pain is to anxiously and defensively try to find some reason why it may not be serious, rather than seek help. Most heart attack deaths occur within the first two hours after symptoms begin, and it is then that medical help is most urgently needed. The following plan could save your life or the life of a friend. Clip these symptoms and save them for your use.

Know The Symptoms

(1) A feeling of fear or "impending doom" is often present.

(2) Heavy pressure or a "choking feeling" in the center of the chest, with pain radiating down the left arm or right arm or over the back, with shortness of breath. NOTE: This feeling may not be this specific. Sometimes the pain is only noticeable in the jaw, in the back, or between the shoulder blades.

(3) Perspiration may break out.

(4) Dizziness or a giddy feeling. (Sometimes occurs — with vomiting.)

(5) If the pain lasts longer than two minutes—call your physician or your ambulance service, as soon as possible.

Floyd Verrill, Sunday River Native, To be Honored at Newry Celebration

Floyd Verrill, 88, is a Sunday River, Newry native, who will be honored at the town's celebration of its 175th anniversary on August 9. Although he moved from Newry at the age of four years, and has spent most of his life in Concord, Mass., Mr. Verrill and his family own a second home on the old farm place where they return frequently. The original house, which burned in 1943, was the birthplace of his mother, the former Madge Foster, and was built by her grandfather, Asa Foster. A grove of birches mark the spot today. Mr. Verrill's father was Edward Verrill, born in Minot, Maine. Mr. Verrill recalls a big oak tree across the road from the house. It had a big hollow in it where he often hid, especially when the sheep were being driven out to the fields. The tree still stands.

He graduated from Brunswick High School and took a two year agricultural course at the University of Maine. He married Amy Cole of Stoneham, Mass., and they had three sons, all of whom live in Concord, Mass. He ran a dairy farm and retail milk business, and until recently took care of over 50 calves and heifers. His youngest son now runs the business.

Mr. Verrill was a charter member of the Concord Rotary Club, Director of The Eastern States Farmers' Exchange, member of the Massachusetts Milk Control Board and chairman of a number of farm programs. On his frequent trips to Sunday River Mr. Verrill still enjoys working in his woodlot, where he cuts about three cords of wood each year. For many years he came to Sunday River in the spring and made maple syrup. Enjoying very good health, he says, "work has been my hobby!"

Approximately 60 people were at the first service held in the basement of the new Pleasant Valley Bible Church on Sunday. Pastor Bert Griffeth; Organist, Miss Ellen Lovejoy.

Mrs. Davene Mitchell of Jacksonville, Fla., arrived Saturday. She will stay with her mother, Mrs. Maxine Lovejoy for the time being. Other Sunday guests at Kenneth Lovejoys were Mr. and Mrs. Gerald Gallant of Rumford.

Mr. and Mrs. Ray West and family of Rumford were at her parents, Mr. and Mrs. C. R. Lovejoy's, on Sunday—also, visited the grandparents, Mr. and Mrs. A. Cummings.

Cleveland Lovejoy is building a chimney for Alanson Cummings.

While working on his job this past week, Alanson Lovejoy, cut his fingers, requiring several stitches. His wife, Tyrene, is feeling better.

The ball game Monday night between the U. S. Forest Service and the Loggers was a close one; the Loggers winning by one score. There was also a game between Bryant Pond and the Church Group in the Lovejoy Field.

July 28, the Cummings and Lovejoys joined a family gathering at Mr. and Mrs. Albert Downing's in West Paris to see Mr. and Mrs. Elmer Waterhouse and others of his family, up here from North Carolina. Thirty-two attended.

Mr. and Mrs. Cleveland Lovejoy took their boat to the Lofredda camp in Locke Mills, where they hope to enjoy it for a couple of weeks.

The Bergerons spent Sunday at Heritage farm.

The setting of goals for the District is, by far, the most important task of the Board of Directors. The goals for the District will help the Board determine its spending priorities and help the administrators and teachers determine their educational goals.

This year, the setting of goals has taken a considerable amount of time. At the meeting of July 21, the Directors discussed the past goals of the District and some proposed goals for the future, but there was no clear resolution. At that meeting, several Directors expressed a desire to set aside a block of time at a meeting to deliberate at length on the goals of the District, and to talk about long range plans.

Consequently, on the past Monday evening, the Board of Directors spent over two hours in a goal setting workshop, defining the issues they will meet in the years ahead and developing a rough draft of their goals for the coming year. It was time well spent.

Working in small groups, the Board members first defined the important issues they expect to face in the coming year. Those issues, in rank order, are:

—Development of the budget, including decisions on staffing and athletics.
—Energy issues, including conservation of gasoline and heating oil, and the exploration of new buildings and/or renovations.
—Basic skills, including an examination of promotion and graduation standards.
—Discipline, including drug and alcohol abuse as well as school-wide discipline issues.
—The method of funding for the District.

After discussing these issues as a full Board, the Directors divided into new groups and defined the important issues they expect to face in the next five years. These issues in rank order are as follows:

—Financial issues relating to energy, staffing, salaries, and athletics.
—Assuring a quality basic education.
—Developing a building program.
—Upgrading the educational offerings for non-college bound students.
—Government regulations which restrict the discretion of the local Board of Directors.

Once the Directors defined the critical issues they will face in the coming years, they spent nearly an hour working in small groups defining goals for the school district for the coming year.

By the end of the evening, the Board of Directors had developed

Goal setting has been a painstaking, deliberate process this year —but the result of the Board of Directors' efforts will be a clear direction for the District for the coming year.

Oldest Living Sunday River Native Being Honored at Newry Saturday

Mrs. Eva (Jackson) Bacon

A Newry native to be honored at Newry's celebration on Saturday, Aug. 9, is Mrs. Eva (Jackson) Bacon who would be the oldest living native of Sunday River, Newry. Born at Sunday River Oct. 25, 1877, daughter of General Andrew Jackson and Sarah (Eustis) Jackson. She is one of eight children, being the sixth one. She had four brothers and three sisters.

Mrs. Bacon attended schools in Sunday River and Bethel, and one year at Gould Academy.

She was married at a very young age of 15 to George Bacon. They had five children of whom she has outlived three. Still living are two daughters, Hazel Bunnell of Portsmouth, N. H., and Jane Weeks of Exeter, N. H.

Mrs. Bacon has incredibly become a grandmother 93 times. She has 12 grandchildren, 40 great grandchildren, 40 great, great grandchildren, and one great, great, great grandson. She has descendants in Maine, New Hampshire, Vermont, Florida, New Mexico, Iowa, Colorado and California.

At one time she lived in Beecher Falls, Vt., and used to row across the Connecticut River to teach school in Pittsburg, N. H.

Mrs. Bacon lived with her daughter, Jane, for many years. At the present she is living at the Goodwin Nursing Home, Exeter, N. H. She is the oldest resident there and perhaps with seniority occupies a sunny corner room. She is still very spry, spunky, healthy, and alert.

When nurses want to converse with her they bend over and speak into her ear. Mrs. Bacon's granddaughter explained that her grandmother's hearing is a little weak, because she won't wear a hearing aid. Mrs. Bacon said she's old enough and has heard enough.

Mrs. Bacon is going on her 103rd year and said she may eventually be the first person to have more direct descendents (98 thus far) than years.

She still enjoys crocheting and knitting very much.

North Waterford

— Mrs. Jo Sanderson, Cor. —

What a lovely rain we had Tuesday all day and evening.

It doesn't seem possible that the World's Fair is almost here. The firemen were through soliciting for their booth. We all should help them as we never know when we will need them. The fair dates are August 14 through 17.

I felt bad Wednesday, when I heard of Jake Brophy's death. He will be missed at all our County fairs as he was a familiar figure, especially at the Fryeburg Fair. He was always a part of the 4-H auction there.

The Coopers of Arlington, Mass., stopped at their trailer Thursday night on their way to New Brunswick to attend a family reunion.

Clyde Stanton and Jo Sanderson were at Togus Veterans hospital all day Tuesday, doing volunteer work. Jo was teaching basket weaving in the therapy class for arthritis. Clyde worked on the medical wards.

Mr. and Mrs. Lee Lord were in Lewiston Tuesday on business and later went up through Auburn to Livermore Falls to visit Lee's father, Walter Lord at Pomroy Hill nursing home. Thursday, the Pikes of Bridgton, took Kay O'Leary and visited Walter, also.

The State is black-topping parts of the North Waterford roads, which needed it badly. They have put in several new culverts, which were also needed. It's nice to see them use some of the gas taxes where it is needed.

SENIOR CITIZENS AT CONGREGATIONAL CHURCH ON AUGUST 13

The afternoon program for the Bethel Senior Citizens at their meeting on Wednesday, Aug. 13, will feature musical entertainment by the Norway-Paris Senior Citizen Band, under the direction of Sarah McIntosh. The program will be preceded by an 11 o'clock business meeting and luncheon at the West Parish Congregational Church. Sister groups will be honored this month. The birthday cake will be furnished by Florence Fifield, Huldah Stevens, Sarah Stevens, Betty Blake, Evelyn Reed, Bea Conrad and Ethel Ward.

Sunday River

— Mrs. R. M. Fleet, Corres. —

Sent in by Eva Yates:

A nice foggy but clear Monday morning. It is still hot in spite of all the rattling old thundershowers we have had. People are nervous, dogs are petrified and still it thunders. One poor dog I know heads for and piles into the bathtub when it showers. Mine is like a fish out of water. Undecided where she is the safest.

Some of the "Go Shoes" have not stopped long enough to ever see the hook, but some have rested a little this week.

Peggy Blake, Joe Yates, and Earl Hutchinson worked all day Saturday at Bear River Grange Hall, putting a new platform on the steps, sweeping and cleaning as the Vail reunion was held there Sunday. Saturday night, Peggy, Joe and Eva had supper at the Odd Fellows Hall then spent the evening with Eva's brother and wife, the Roland Hayes at the Hayes Homestead in Greenwood. Always nice to go "Home."

Tuesday, Eva and Peggy, were in Dixfield to see the doctor.

Sunday evening callers at the Yates were Mr. and Mrs. Robert Billings of Bryant Pond.

Russell and Eva spent Sunday with the Bernard Hutchins' family—and of course had to be introduced to the three new nanny goats: Beauty, Bo-Beep, and Ebony while Peggy went to Brunswick with friends to see the Blue Angels perform.

Sunday River got bad showers both Wednesday and again Thursday night.

Things were not just what they ought to have been so our Bethel Blues were defeated at the ball game last week but look out this week. They are there to win this week I am sure.

Sorry Connie—your name was left out as a helper on Mollyockett Day. It was not left out on purpose. Fongive me.

The next meeting of Bear River Grange will be Aug. 16, preceded by a pot luck supper at 6:30. We are sorry to report Brother Ernest Holt entered Stephens Memorial Hospital Monday, Aug. 4 for surgery. Sister Holt is home and gaining. Also glad to report that Sister O'Blenes of Franklin Grange is home and gaining. We wish them all a speedy recovery along with our Overseer, Raymond Tripp Sr.

Several people on Sunday River and Bear River getting ready for the big doings this week end at Newry Corner. The 175th anniversary of the town and a big, big day. So grab your hat and come visit. There's a parade. Lots of goodies to eat—fleas to sell, a bean hole bean feed at 5 p. m. in the Grange Hall—then a program too good to miss followed by an 8 o'clock dance. Come one, come all to Bear River Grange Hall for fun and a happy day.

I hope the extreme hot weather of the past week and all the thunder showers have benefitted everybody's gardens. Everyone should have cukes and corn by now.

A trailer has been moved onto the Mason Noyes lot where Mr. and Mrs. Mike Dexter formerly lived. The Mrs. is the daughter of Clifford and Janice Lowe of Sumner, and her husband and child.

I went to Pinhook one day, called on the Arthur Coffins, Mrs. Bolio, Everett Cole, Norma Davis, Ethel McKenzie, also Myra Harlow.

Callers at Lawrences, Lloyd Huntley, Mr. and Mrs. Olva Hakala, Mr. and Mrs. Herman Card, Mr. and Mrs. Joe Kalinowski, Kenny and Jon Abbott, Rumford, Wilbur Lawrence, Charlie Lozier, Gorham, N. H., Eveline Barrett. Mrs. Huntley is better, but still at the hospital.

Many from our hamlet attended "Old Home Days" at West Paris, Aug. 1 and 2. They had a good parade and the suppers on Friday and Saturday evenings were well patronized and delicious.

A new homestead spot is taking over just above the Martin home in the Hollow. It is on the left hand side of the road before Rte. 219 Garage. The timber has been cut and it has been bulldozed and it is a beautiful spot for a trailer and handy to the road.

Johnny Everett Howe, Southwest Harbor, Clarence Everett Jr., Esther Balentine, Ernest Stevens called on Eveline Barrett recently.

Everyone was pleased with the "Old Home Day" activities and delicious dinner on July 27.

—

On July 27 the North Paris Federated Church held a special Old Home Day Service. There were about 135 people in attendance. The service was led by Rev. Karl Washburn, Rev. and Mrs. Roland Lord of Cherryfield were there, and Mrs. Lord sang a duet with her granddaughter, who also played the piano. Rev. and Mrs. Kenneth Crawford from Freeport came and Rev. Crawford sang a solo. Miss Esther Wheeler from Hartford, Conn., played the antique organ, and an impromptu choir made up of former choir members sang. Miss Wheeler used to be organist and choir director in the thirties and early forties. The church had received many letters from former pastors sending their greetings, and the clerk read excerpts from these letters.

After the service everyone who wished went to the Community Hall for a pot luck dinner furnished by the Community Club and the Church with food donations from many of the guests. After lunch former teachers of the North Paris School were introduced. The afternoon concluded with a community sing with Lois Ellingwood at the organ.

The church supper was well attended Thursday night. Mrs. Fran Hamilton, Mrs. Mary Grover and Mrs. Marilyn Jones were in charge.

Mrs. Isma Bachelder and Mrs. Wight of Nonway were luncheon guests of Mr. and Mrs. John Grover one day last week.

Mr. and Mrs. Ivan Curtis have arrived at their camp on Lake Kewaydin for the rest of the summer.

Mrs. Sandra Brown and friend visited her aunt Agnes Files. Her son, Paul, of South Paris, was also a visitor.

The firemen's auction brought a large crowd Sunday afternoon.

Mrs. Christine Hatstat and baby visited Agnes Files recently.

Mrs. Dr. Martin of Harrison has two of the lovliest window boxes I have ever seen. They are both one mass of purple flowers.

Several of the senior citizens are making plans to go on a boat trip Wednesday. They go to Naples and take the boat from there.

Mr. and Mrs. Stanwood Nelson went to Bethel on Sunday on business.

Mrs. Grace Nelson is working at Lovell three days a week.

Special Education Secretary for the 1980-81 year.

The board accepted the resignations of Kathleen Guinness as counselor at Telstar, and Zora Sessions as a District bus driver.

The directors signed a warrant calling for a Special District Meeting at the Telstar Library on Monday evening, Aug. 18, at 7 o'clock. During the balance of the meeting a goal-setting workshop was held where the directors defined the issues they will face in the coming year and developed a rough draft of goals for the coming year. (See Superintendent's Newsletter, Page Three.)

Board members absent Monday evening: John Laban, Bethel; Louise Chapman, John Haines, Greenwood; James Sysko, Newry.

The next board meeting is scheduled to be held at the Telstar Library on Monday evening, Aug. 18, following the Special District meeting.

SUNDAY CANADA DAYS

continued from Page One

um, weather permitting. If the weather is inclement all activities will take place in the meeting room of the museum. This historical film series and the art show will also start at 1 p. m. An antique show in the barn of Lt. Gen. and Mrs. Alger (USA-Ret.) just up Broad Street from the museum will also open at 1 p. m.

At 2 p. m. a "Tom Sawyer Fence Painting Contest" will be held. Prizes will be awarded to the person who paints the fence in the shortest possible time.

At 3 p. m. a tour of Bethel's 18th century sites will begin. All those interested will assemble at the front of the museum.

A bean-hole bean supper will follow the tour beginning at 5:30 p. m.

Following the supper, George Allen, Project Director of the Oxford County Historic Resource Survey, will give a slide presentation on Bethel architectural heritage, which will complete the day.

Sunday, Aug. 17, will begin with an old fashioned church service at the West Parish Congregational Church, starting at 10 p. m.

At 11:30 a. m. a 150th anniversary commemorative service will be held at the East Bethel Church. This church, the second oldest surviving church in Bethel was believed to have been built in 1830 and this service will honor this milestone.

At 1 p. m. the craft demonstrations, museum operations and antique show will resume as well as the film series.

An old time concert will conclude the events of the day. This will be held at the Middle Intervale Meeting House beginning at 4 p. m.

Special Sudbury Canada T-shirts in a variety of sizes will be available both Saturday and Sunday.

Sudbury Canada was the original name of Bethel before it was incorporated. The grant was made by the General Court of the Commonwealth of Massachusetts to soldiers from Sudbury, Mass., who had fought in the campaign to conquer Canada in 1890. As far as can be determined, none of the original grantees ever came to Maine to claim their land. In 1768, Josiah Richardson petitioned the General Court and received "a township of the contents of six miles and three quarters square to be laid out in the unappropriated lands of this province to the eastward of the Saco River provided the grantees within seven years settle 80 families in said town, build a house for publik worship and settle a learned minister and lay out one eighty third part for the ministry and one eighty third part for use of the school in said town and one eighty third part for the use of Harvard College forever."

The first settlers came in 1774 but the settlement of the town was interrupted by the American Revolution. Following that conflict a steady stream of people, many of them veterans of the Revolution, came to Sudbury Canada. In 1796, the town had developed to the point that it petitioned the General Court of Massachusetts to incorporate and this was approved on June 10, 1796.

The years as Sudbury Canada were difficult but they were also eventful and colorful. Probably the best example is what has been called "New England's Last Indian Raid" when a party of Indians attacked the homes of several settlers and took two of Sudbury Canada's citizens captive.

Mr. and Mrs. Dale Thurston, Mr. and Mrs. Ranald Stevens spent the week end with the Andrew Johnsons in South Harpswell.

data gathering on the status of sewer and water systems in the steam mill area. This information will assist the Board in determination of future utility needs of the area. As the only cost to the Town for the study would be limited staff time, the Board voted to proceed with the study.

The Board approved an application for A. L. Post 24 for a special liquor license-catering permit for the Trappers Weekend Aug. 23 and 24 at the Neil Olson residence in East Bethel. The Selectmen expressed concern about traffic control during the event and directed the manager to discuss the matter with Mr. Olson to insure that adequate traffic control is provided for the event.

The Board reviewed correspondence from Superintendent Wayne Gersen concerning the provision of a school crossing guard at the intersection of Main and Philbrook Streets. SAD #44 is not funding the position this year due to state regulations and Dr. Gersen prepared alternatives for the Town to consider regarding the position. After discussion, the Selectmen voted to fund the position for the school year at a cost of about $580. This plan would allow for a crossing guard during the hours of 8:15 to 8:45 a. m. and 2:45 to 3:00 p. m.

In other actions, the Board signed the lease for town office space for the period July 1, 1980 to June 30, 1981. The rent for this period will be $200 per month as opposed to $175 per month last year.

A quit claim deed was signed for Gene Brown to clear up a paid tax lien, an invoice in the amount of $2,926.50 from Hunter-Ballew Associates for work on the Airport Master Plan Study was approved, and the Board discussed alternatives to tie in with the County Emergency Dispatch Center.

The Manager reviewed the Vernon Street paving project with the Board and notified Board members that the Small Business Administration would be holding a public auction on Aug. 20 to dispose of the Sudbury Inn. The SBA had foreclosed on the Inn in January of this year.

WALKING WITH JESUS CHRIST

Now then, we do know many folk—dressmakers—business men successful in matters of money; including some who have lost fortunes and some who never had a fortune to lose. World travelers following the sunshine and snowflakes — conversationalists of past times and pastimes. Mix them all together you get the average American. Comes the "happy hour" —the lonely hour and the recollection—some with a heavy head and others with a heavy heart.

And it took the "Preacher", King Solomon a whole life time of the "best things in life" to arrive at "the conclusion of the whole matter: Fear God and keep His Commendments; for this is the whole duty of man." Ecc. 12:30—And when you mention God—it's like the fair lady comparing "Alice in Wonderland" with the Holy Bible—there's a faraway look and the subject changes to: "some weather we're having" or "the horseless carriage of yesteryear."

You may visit the greatest libraries—see the exhibits in the Smithsonian Institution and you will find writings and samples of our fellow man's thinking. When pondering the thoughts of the brilliant and the heroic exploits of the brave — the succession of historic events, we see man's attempt to satisfy himself with a longing for greater things—peeking over the horizon to study the furthest star while the greatest poet cannot adequately describe God's Creation.

Madison Avenue formulators of "you never had it so good"are no different than those of the occurrence 2,000 years ago when a band of hard faced men stole out of Jerusalem, armed with clubs and spears—claking their way into the Garden of Gethsemane to meet the awaiting Jesus of Nazareth to take Him to His death on the Cross—where He died for sinners like you and me.

Prayerfully continuing to write—it is hoped that our minds will be energized to consider one's own situation — not some one elses. Have I searched my heart and do I have it all?—If you love Jesus Christ as your Lord and let Him lead you — then you know the answer—if not, then it's time you did—oh yes—some will not because of pride—others may think God's love is not big enough to forgive our sins and then to forget them. He stands ready and willing and ever so able to give the fullness of life now and forever more." Amen.

MR. & MRS. MASON ENTERTAIN TWO MASS. COUPLES IN HOUSE AT BETHEL

Doctor and Mrs. Moses Mason entertained two Medford, Mass., couples Saturday evening, Aug. 2, at their home on Broad Street, Bethel. A boiled dinner was served followed by dessert of homemade apple pie. Portraying Dr. and Mrs. Mason were Bethel Historical Society members Mr. and Mrs. Ernest Perkins of Bethel and their guests were Mr. and Mrs. Wendell Franklin and Mr. and Mrs. John Ciampa.

The meal for four in the dining room of the Moses Mason Museum was offered as an auction item to the Bethel Rotary Club for their auction on Mollyockett Day Week End and the successful bidders were Mr. and Mrs. Franklyn. The cooks for the evening were Society President Catherine Newell and Trustee Judith Haskell with Society Director Stanley Howe, dressed in period costume, serving as waiter.

The Moses Mason Museum is intended to provide a vivid impression of life during the first half of the 19th century with its period house (1813) and furnishings appropriate to the life and times of Dr. Moses Mason (1789-1866). The house has Rufus Porter murals in the front hall, Chester Harding portraits of the Masons in the parlor and two unusual pieces of furniture built by the Doctor. The Museum sponsors a wide variety of programs and it is owned and operated by the Bethel Historical Society which is active in preserving and interpreting the history of the Bethel area, Oxford County and the White Mountains.

Dr. Moses Mason, a physician and businessman, was a member of Congress during the administration of Andrew Jackson. His house, part of the Broad Street Historic District, is on the National Register of Historic Places.

"THE FABRIC EMPORIUM" GRAND OPENING

Punch and hors d'oeuvres will welcome the late evening shopper on Friday, August 8th, when Aline Crockett holds the grand opening of her "Fabric Emporium". From 6-10 p. m. the serious shopper or the casual browser can relax, chat, or meet old friends as they tour Bethel's newest business. Located on Main St. directly over the Bethel Spa, the "Fabric Emporium" will elegantly provide a pleasurable evening for all who choose to come.

Mrs. Crockett will have on hand a large selection of material, including wools, corduroy, gingham, cottons, calico, canvas, chamois, pajama, shirt and imported flannels, remnants of all kinds, velvets, Christmas prints, etc. The shop has an attractive display of McCalls patterns, with a Vogue catalog for special orders. For her grand opening, Aline is offering a 15% discount on her already below average mark up prices, a $20.00 gift certificate to be drawn as a door prize, and a special gift for her customers that evening.

She comes to her new venture having over 3 years of business classes at both N.H.V.T.I., and USM, as well as a varied background in other management positions, and is also a well known and respected seamstress. A recent accomplishment of her's was the designing and sewing of this year's Miss Mollyockett costume.

Assisting with the operation of the shop will be Mrs. Lisa Fox of Bethel, who will be serving primarily as "right hand man" to Mrs. Crockett. Aline and her assistant, along with the opening night hostesses, these include Debbie Mills, Louise Chapman, and Michelle Keyes, will be anxiously awaiting your visit to "The Fashion Emporium". YOUTH FELLOWSHIP OUTING HELD AT KEEWAYDIN JULY 29

The Youth Fellowship from the West Parish Congregational Church met July 29 at the Wight cottage at Keewaydin Lake. Despite the rain the more than twenty gathered had a great time. Swimming in the rain was the hit of the day!

During the afternoon there was time for sharing as past trips and outings were recalled, especially the canoe trip this past June. Jane Chandler, on behalf of the group, presented Tom Caton a mounted photo of the group's campsite on the Magalloway River.

The Catons in turn shared with the group pictures of their new home and church in Pocatello, Idaho.

Tom has led the Youth Fellowship for many years. Eva and Chris have been active members and will be missed by all. Sandy, as in other groups, has been the faithful support, ready to provide transportation and food on a moments notice.

Steve and Peggy White have agreed to lead the group when Tom leaves for his new post. The first activity of the fall will be a Planning Retreat at Keewaydin in early September. Announcement of the exact date will be made soon.

It has been a busy summer at K-D's Acres. The time is just flying by!

The gardens are flourishing and the freezing and canning is underway.

Callers last week were Margaret Barton and Jeff, Gus, Polly and Paul McAllister, Jane and Allan Twitchell, Ben and Ariana.

On Wednesday my sister, Christine Cole, gave birth to Megan Kathleen Cole. We sure waited a long time for her! We are happy to welcome another little girl to our family.

Saturday night we had a birthday supper for Paul McAllister.

Elton Cole visited later in the evening and spent the night with us.

Sunday the Bennetts and the Allan Twitchells went to Hillcrest Farm to help the folks and had a good visit and supper, thanks to sister Jane!

Our heartfelt sympathy goes to the family of Lucy Leighton Pulkkinen.

Remember there is another delicious supper tonight, Aug. 7, at the Albany Church. Also make sure you visit our sale of exciting items at the Grange Hall.

Enjoy the beautiful summer weather for fall will soon be here.

Ladies' Church Fair, Aug. 14, 10-1:30. Come and bring a friend.

One hundred twenty came out to church for Rev. Rick Barr's last Sunday. Rather sad, we will miss him. Also Ann, a lovely wife, and their son, Peter. Rev. Willard Bickett will have the sermon next Sunday.

The (17) "Worthy is the Lamb" put on by the choir. Time, 7:30. I heard it was real good, at the church.

Northwest Bethel

— Clarice Gibson, Corres. —

August has come in and we are definitely having dog days. Everything is coming along at the same time. Peas to pick and freeze, beans to pick and can, raspberries to pick, beet greens to thin out and can, and the whole garden could stand to be weeded, green apples just right for pies, and the plums are getting ready to ripen. This is when I miss having the boys to send out to pick or having them go out to help. The humid, muggy weather also breeds thundershowers. Frank, George and I were invited to have supper Tuesday with Mr. and Mrs. Frank Aylward and had thundershowers, then Friday Mr. and Mrs. Lester Butters came up and once again we had thundershowers.

Before Mrs. Evelyn Hilborn took her friend, Miss Sylvia Stephenson, back home they had a delightful trip through New Hampshire and ended up at the Mt. Washington Hotel, which they toured. The 28th they had dinner at Philbrook Farm, Shelburne, N. H., and the 29th headed back to Toronto, Ont., Can., and went by way of Niagara Falls. While in Toronto they had severe thundershowers with hailstones as big as golf balls for a period of a half hour. She stayed at Miss Ellen Tuck's while in Toronto and the weather was unbearably hot. Friday Mrs. Hilborn arrived back and brought back Miss Joan McDermott, who she had met through her work.

Friday, Sid Murphy had to go back to Portland for a check up at her doctor's. Saturday, Mr. and Mrs. Frank Murphy went to the wedding of Frank's youngest brother, Chris Murphy, to Judy Merrill, daughter of Mr. and Mrs. Charles Merrill. The wedding was at Blueberry Hill in Rome, Maine, and the reception at Thomas College in Waterville.

Mr. and Mrs. Ronnie Gilbert were at his folks, Mr. and Mrs. George Gilbert, for the week end. Aug. 2, Justin Gilbert celebrated his first birthday at his grandparents and great-grandmother, Grace Morrill, also was present.

July 31, Mr. and Mrs. Daniel Hannon went for the day to the tennis matches in North Conway, N. H. They were able to watch Jimmy Connors, Solomon, Dibbs and other big-name players.

Doug Smith, after an extended visit with his parents, Mr. and Mrs. Homer Smith, has gone back to his work at Bass River Subaru at Cape Cod, Mass.

Larry and Shawn Smith of North Conway, N. H., were week end guests of his parents, Mr. and Mrs. Homer Smith.

Daren and Eric Gardner of Sabattus spent part of last week with their grandparents, Mr. and Mrs. Frank Benson. They also visited their aunt, Sharon Kimball, and family in Waterford for a cookout. Bradley Benson came for Sunday dinner.

Mr. and Mrs. Frank Benson, Toots Sciaraffa, Margaret Belanger and Marie Swan, of Bethel, and Mrs. Paul Sherman and Marie Martone of Connecticut went to Harrison to the dance Saturday. Mrs. Sherman and Marie are niece's of Ted Gallant.

Mr. and Mrs. Ernest Angevine spent the night Aug. 4 in Waterville and Aug. 5 went to Lubec to Roosevelt National Park and visited Campobello. This was the summer home of the late President Franklin Roosevelt. They spent the night in Ellsworth and the next day went to Acadia National Park. After the fog lifted there was an awe inspiring view from Cadillac Mtn. At Castine the ship, State of Maine, was moored at the dock.

Saturday, Mr. and Mrs. Joe Shimamura, Jody, Mr. and Mrs. Billy Shimamura and Justin, all went to Evergreen Valley for the A. C. Lawrence picnic.

Sam McCoy's mother was taken to the hospital last week.

Extra Prayer

When the world falls down around you
And a prayer will see you through,
Say an extra prayer for someone
Who may need it more than you.
For who knows what hearts are breaking
In the silence of the night?
Just that extra prayer you whisper
May help someone see the light!
Every time you help a stranger
With an extra prayer—or two—
You are building secret blessings
That will all come back to you!

NOTES FROM

Evans Notch

White Mountain National Forest

We are now in the peak season for use of our backcountry trails and shelters. The number of hikers seems to have increased especially along our popular trails such as those in the Wild River area.

We are very pleased with the public's response to our litter policy of "carry in—carry out." In fact most hikers repack their food and supplies in plastic bags or plastic jars before they go on the trail in order to avoid having to deal with commercial wrappers or containers in the backcountry.

Hikers using campfires must have a fire permit and follow the guidelines printed on the permit. Campfire spots should be broken up and made to look as natural as possible after the fire is fully extinguished. Fire ring stones and ashes should not be thrown into streams. Even small fire scars take away from everyone's enjoyment of the National Forest.

There have been some difficulties with public use of a closed timber sale road connecting Crocker Pond and Round Pond. This road is closed to all off-road vehicle use. This means that four wheel drive trucks and jeeps as well as motorcycles are not permitted on the road. In order to prevent topsoil erosion and blockage of cross drains, this road will remain closed to the public for vehicle use.

Boats and canoes are sometimes left by fishermen at National Forest ponds such as Round Pond. This practice is prohibited for many reasons with the major one being that an abandoned boat may be too much of a temptation to a youngster or a group of youngsters using the area. This could lead to a tragic boating accident. Abandoned boats are subject to destruction or impoundment by the Forest service after appropriate public notice has been given.

Our utmost concerns are for the safety of you, the National Forest user, and for the protection of the forest resources.

Our sympathy to Joe Deegan and his family on the death of his mother. Mary, an Irish lady direct from the old country, never lost her delightful brogue. She and Jack lived where the Dick Berniers are now before moving to Bethel in the 1950's.

On Wednesday of last week we had another window rattling, clapboard ripping thundershower. Lightning came in at Bob Lowe's, lighting up the whole living room, ruining the AM/FM stereo, and scattering dogs in all directions. Bob said it was quite loud — an understatement I'm sure.

Maude Harrington's week-end visitors were: Lee and Ginny Hutchins, Bethel; Eddie, Julie and Sharon Daye, Sunday River; Harlan Hutchins and two of his granddaughters, Bethel.

Bob and Mona Lowe spent the week end with Stuart and Jan Cross at Harpswell. They got a good catch of Mackerel.

Jennie Deegan, Cape Elizabeth, spent last week and this week with her grandparents, Joe and Leah Deegan. She and Leah attended the Newton and Tebbets mill picnic at Abbott's Anchorage on Saturday.

Ronald Estes, South Paris, visited us Tuesday afternoon. He was the service man for several years when we raised chickens and he thought the place had changed considerably since he was last here.

Mary Mills telephoned Monday. The cast was taken off her leg Friday and she was swimming in the pool on Saturday and she was expecting to go to Pomona Grange meeting being held at Bolsters Mills that evening. This minor inconvenience didn't slow her down at all.

The bridge over Kendall Brook at the foot of the hill has a hole in it and there is a barricade up so it wouldn't be a good idea for anyone to go sailing around the corner in the dark.

From the Bethel Town

Last week the town received notification from the Maine State Housing Authority that they have made a preliminary designation for up to 20 units of elderly housing in the former Thunderbird Motel on Main Street. The project, proposed by Dictar Associates of Portland, would include substantial renovation of the Thunderbird together with the construction of additional facilities on the lot.

With this preliminary designation by the State Housing Authority, the local governing body has 45 days to act on the project. Should the town take no action on the proposal within this time period, the project would be consider-

A meeting of the Bethel Taxpayers Association will be held on Thursday, Aug. 28, at 7:30 p. m. at the Bethel Savings Bank. All interested residents and town officials are urged to attend.

The Association will be studying some of the following problems facing the town: town budget planning, tree growth laws—the impact pro and con, the method of funding of schools, the present method of valuation of land in relationship to size and usage, and upcoming valuation changes on property.

A good response has been made by mobile home owners, and David Bicknell, Augusta, president of the Manufactured Housing & Institute of the North East (MHINE), will address the meeting on studies being done in Augusta on standardization of valuations.
